Hagatna, Guam 96910

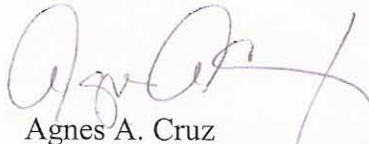

Dear Senator Klitzkie:

I am requesting the amount of \$4,400.00 from your office savings to upgrade the Guam Legislature's Archive Department.

The requested equipment of two computers, two monitors and two scanners will be used to scan and digitally organize bills as introduced, public laws and the governor's signing statements and veto messages. After scanning, the documents will be uploaded to the Guam Legislature's website for the public to view.

Thank you for your consideration of this request.

Sincerely,

Agnes A. Cruz
Acting Executive Director
